

One Care and Medicare Part D

You may have received a letter from your current Medicare Part D prescription drug plan telling you that beginning April 1, 2014, your prescription drug plan won't cover your prescription drugs. This is because MassHealth is enrolling you in a One Care plan, which will be your new health care and drug plan.

Here is some important information about the changes to your drug coverage.

- Beginning **April 1, 2014**, you will receive all of your MassHealth and Medicare benefits, **including Medicare Part D**, from the One Care plan we tell you about in the other materials in this envelope.
- Your One Care plan will become your new Medicare Part D plan. This means your last day of coverage in your current prescription drug plan will be March 31, 2014. You cannot keep your current Part D plan and be in a One Care plan at the same time.
- You will continue to receive your prescription drug benefits from your current plan through March 31, 2014. Your new prescription coverage from the One Care plan will start on April 1, 2014. There will be no gap in your prescription drug coverage.
- If you do not want to be in One Care, you may stay in your current prescription drug plan. You just need to call MassHealth before April 1, 2014.

More information about your One Care plan is included with this insert.

If you have any questions, please call MassHealth Customer Service Monday–Friday, 8:00 a.m.–5:00 p.m. at 1-800-841-2900, or TTY: 1-800-497-4648 (for people who are deaf, hard of hearing, or speech disabled).
